This fun and interactive session rids your poor memory from forgotten names, misplaced glasses, and statements such as, "I know it's here somewhere," to a mind that's efficient and reliable. This program dispels the myth that memory can't be improved. It can; easily and effectively. You'll learn techniques on organizing your thoughts, remembering names and faces, and overcoming absent-mindedness. When you're skilled in memory, all your other skills get better.
